

Dear Rev. Aaron

We appreciate so much the support that you give to our ministry in Cuba. They are doing a big difference in Ciego de Avila, where our group started, we have the possibility to expand our work to Havana, that can be great for us to do that. With your help and support MCC will be stronger and they have a lot of projects to work it, we need your prayers to continue developing our ministry in Cuba.

I'm planning to visit them, I will send you pictures. I'm sharing with you some of their photos.

Blessings,
